FOR IMMEDIATE RELEASE

Over 65,000 Voter ID Cards Returned Undeliverable

Thousands of new voter ID cards, notifying voters of new polling locations, have been returned as undeliverable to the Oklahoma County Election Board.

Voters should always provide the election board with the most current address information. Without their new voter ID cards, voters may be unable to find their polling location or may go to the wrong polling location on election day.

Precinct numbers on the new voter ID cards range from 550301 to 550588. Old precinct numbers ranging from 550001 to 550257 no longer exist.

Voters that have not received a new voter ID card in Oklahoma County should use the OK Voter Portal oklahoma.gov/elections/ovp to find their polling location information.
