TO THE CITIZENS OF OKLAHOMA COUNTY, OKLAHOMA

June 9, 2011

The Budget Board of Oklahoma County met in the regular scheduled meeting on May 19th to develop the 2011-2012 Budget. The Board received estimates of needs from all County Departments for the fiscal year 2011-2012. The total General Fund budget requests along with estimated transfers out totaled \$100,398,170. Available general fund revenues including budgetary fund balance for the fiscal year 2011-2012 were estimated at \$72,268,002.

After much deliberation, the Board reduced requests to available revenues and proposed a balanced budget for public hearing on June 9, 2011. The final Budget was adopted on May 19, 2011.

The Board's commitment to fiscal responsibility by appropriating tax dollars prudently without requesting new sources of income from the taxpayers is commendable.

Oklahoma County follows the guidelines of the County Budget Act as set out in Title 19, Section 1410 of Oklahoma Statutes in developing and approving a balanced budget:

- § 1410. Fund Budgets required Format Contents
- A. At least thirty (30) days prior to the beginning of each fiscal year, a budget for each fund of the county for which a budget is required shall be completed by the county budget board. Each budget shall provide a complete financial plan for the budget year. The budget format shall be as prescribed by the State Auditor and Inspector. The format shall contain at least the following in tabular form for each fund, itemized by department and account within each fund:
 - 1. Actual revenues and expenditures for the immediate prior fiscal year;
 - 2. Estimated actual revenues and expenditures for the current fiscal year; and
 - 3. Estimated revenues and proposed expenditures for the budget year.

The Board has made every effort to comply with the purpose of the Budget Act which is:

- 1. Establish uniform and sound fiscal procedures for the preparation, adoption, execution and control of budgets;
- 2. Enable counties to make financial plans for both current and capital expenditures and to ensure that their executive staffs administer their respective functions in accordance with adopted budgets;

- 3. Make available to the public and investors sufficient information as to the financial conditions, requirements and expectations of the county government;
- 4. Assist county governments to improve and implement generally accepted accounting principles as applied to governmental accounting, auditing, and financial reporting and standards of governmental finance management.

The Budget Board plan as presented herein is an estimate and cannot be finalized because it is not possible to know with certainty the operating reserve or actual income before June 30th of any fiscal year. These estimates will be adjusted and presented for final approval at the same time the ad valorem levies for the general fund and debt service fund are presented for Excise Board approval. Depending on revised figures, budgets may be increased or decreased in September.

The Chairman of the Board would like to thank every member of the Budget Board for their dedication to fiscal responsibility and cooperation in the meetings, leading to a balanced budget.

Very truly yours,

Willa Johnson, Chairwoman Oklahoma County Budget Board

Forrest "Butch" Freeman,

Vice-Chairman

Leonard Sullivan, Oklahoma County Assessor

Mission:

The Oklahoma County Assessor is a public office created by statute by the Oklahoma Constitution to determine the fair market value of all property in Oklahoma County each year. The officer is elected every four years. The assessor's task each year is to discover all the property, list information about each property and set the market value for all property. The assessor's office is required to physically visit every parcel of property during a four year cycle.

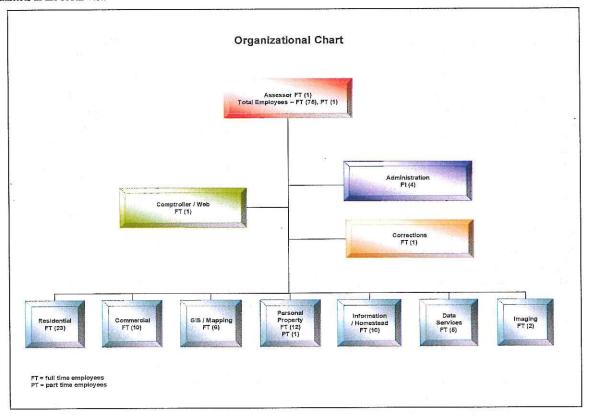

Each year the assessor is required to set the market value, process, mail, maintain and manage all of the property records of more than 336,000 parcels, or units, of property in the 720 square miles that make up Oklahoma County.

The Oklahoma Tax Commission requires that assessor's meet accreditation standards (Title 68 § 2816). Currently there are 57 of the 77 assessor employees who have obtained advanced accreditation. If those standards are not met by the assessor and staff involved in the assessing process, they may not serve in an elected or appointed position. The average length of employment in the assessor's office is 14 years with 64 percent of the employees having more than 10 years experience in the county assessor's office.

The assessor certifies the tax roll to the appropriate taxing authority. The taxes collected based on the assessor information are used to support law enforcement, local public schools, local technology centers and colleges, cities and towns, city/county libraries and county health departments. Out of each ad valorem property tax dollar, Oklahoma County currently receives approximately 9.49ϕ .

The seven departments in the Oklahoma County Assessor's office utilize state-of-the-art technology to perform their duties of assessing market-value on all properties and the performance of the office is carefully monitored to ensure compliance with law with regular and surprise performance audits by the Auditor and Inspector's office and the Oklahoma Tax Commission (OTC). The OTC monitors every assessor's office in Oklahoma to ensure performance, compliance with OTC rules and ensuring adequate personnel to complete required tasks. The Oklahoma County Assessor's office currently has approximately 76 full time and part-time employees, 51 employees fewer than the OTC indicates the minimum number of employees required for the workload in a county this size. Based on a cost per employee of approximately \$45,000 for salary and benefits, the Oklahoma County Assessor's office is operating at a savings to the taxpayers of nearly \$2.1 million a year.

The 2011 assessed value of all property in Oklahoma County is over \$5 Billion, more than double the assessed value of \$2.3 billion in 1990 and more than three times the \$1.4 Billion of assessed value in 1980. That value is determined by market forces and growth for demand for real estate in Oklahoma County. Each year the assessor is required by law to determine the market-value and maintain all the property records on every real estate, commercial real estate and business personal property account in the county. Oklahoma County has the most desirable commercial and residential real estate locations and properties in the state of Oklahoma and enjoys one of the fastest growing real estate markets in the southwest.

Leonard Sullivan, Oklahoma County Assessor

Funding Sources and Restrictions:

Visual Inspection O.S. 68 §2820, 2822-2823

Although this is a general fund cost center, the nature of the fund is similar to a special revenue fund used for specific functions. The County Assessor has a visual inspection plan to inspect all property within the county at least once every four years. The cost is shared by all local jurisdictions collecting an ad valorem levy. Each jurisdictions' share is proportional to its total levy the prior year. This results in the County funding approximately 9% of the Visual Inspection budget. Amounts billed but not collected from the previous year are taken in consideration as a reduction to the following year's budget appropriations.

Assessor Fee Revolving Fund

O.S. 68 §2829.1

Consists of fees collected by the Assessor for furnishing all records available for copying and for furnishing standard maps. Monies deposited to the fund shall be expended by the County Assessor and shall not be transferred to any other account for a purpose other than 1) For maintenance, replacement and upgrade of computer hardware and software associated with County Assessor databases and geographic information systems; and 2) To provide products and services generated from the database and geographic information system to both public and private parties.

The County Treasurer is an elected constitutional officer with a four-year term whose primary function is to collect property taxes certified by the County Assessor from the assessment valuations placed on real estate, personal property, and public utilities in the County.

After collection, the Treasurer disburses the monies to the county, cities, towns and schools. The County Treasurer is the official custodian of all funds for the County and Treasurer for schools and career technology institutions that do not have their own treasurer.

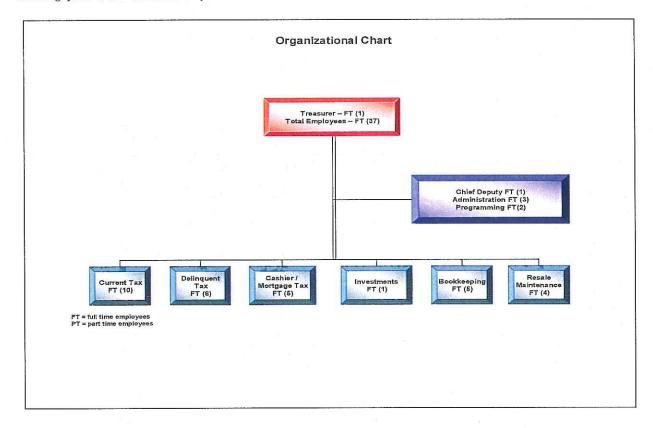

All checks and vouchers for all county departments are registered and maintained through the Treasurer's office. The Treasurer's office is also responsible for the investment of all county funds.

A majority of the tax collections are made by mail through an automated system that allows a faster and more accurate processing of payment and provides a daily balance and audit record. Tax collections are balanced on a daily, monthly, and year-to-date basis, which allows the investment of funds to be made with more accuracy. All special assessments, such as s sewer, water, weed, cleaning, paving, and nuisance abatement taxes that are originally assessed by cities and towns in the county are certified to the County Treasurer for collection after they have become delinquent. They are placed as a lien on the real estate property account of the taxpayer.

The Treasurer's office manages County-owned property acquired at the annual sales of real estate for delinquent taxes. The Treasurer may sell these pieces of property, upon approval of the Board of County Commissioners.

Accomplishments: Processing mortgage tax electronically, imaging additional documentation and historical documents; developed an internal change control to document all program changes, testing and implementation.

Objectives: Automation of our annual resale process eliminating manual processes by utilizing electronic files on all property; installation of a cashiering system to eliminate manual entry of data.

Mission: To improve Oklahoma County District One services and infrastructure for the benefit of our citizens.

Oklahoma County Highway District 1 exists to perform certain public works functions associated with the 238.43 miles of public roads within District 1 boundaries as defined after the 2000 Census. The mileage in District 1 represents 40% of the total road miles in Oklahoma County's total inventory of 595.98 road miles.

Attention is primarily focused on maintenance of County section-line roads within the unincorporated areas of the county. Additionally, crews perform road maintenance and certain improvements within incorporated boundaries of cities with populations of less than 5,000. In addition to having more road miles than any other Highway District, more incorporated cities with population under 5,000 fall within the boundaries of District One. These include; Arcadia, Forest Park, Jones, Lake Aluma, Luther, Nicoma Park and Spencer.

District One operates within a balanced budget and is committed to limiting expenses associated with human capital at less than 50% of the total operataing costs. Efficiency and cost efffectiveness are the focus for Commissioner Johnson's administration. She is proud that this budget represents the fifth consective year that pledge to District One constituents has been achieved.

Oklahoma County Purchasing Department

Mission: Our mission is to enhance Oklahoma County procurement, promote fair and open competition and maintain the trust of the public by providing quality service, expertise, and leadership for both our internal and external customers.

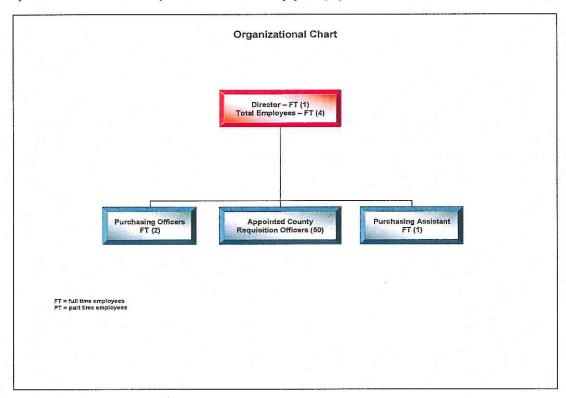

All county purchasing is centralized in the Purchasing Department and has statutory authority under Title 19 § 1500 - County Purchasing Act to develop, implement and promote policies and procedures that allow the procurement of materials, equipment and services through contracts that are flexible, value based and are in the best interests of the state and its political subdivisions. The Purchasing Department provides services to all countywide departments by researching vendors, finding the most efficient products, placing orders and making all purchases that are paid for with county funds. The department strives to ensure that all purchases made by the county are the best buy for the taxpayer's dollar. A well-organized purchasing system ensures that good business practices are followed when goods and services are purchased, leased or lease/purchased, or obtained by any other method that is in the best interest of the county.

Beginning January 1, 1983, each county purchasing agent may acquire electronic data processing equipment by purchase, lease or transfer, and may provide for the operation, maintenance, repair and utilization of such electronic data processing equipment as shall be necessary to conduct the county's business, or may enter into a contract for computer services with a capable data processing company, to provide systems designs and analysis for all county officials upon approval of the board of County Commissioners.

The county purchasing agent shall determine the most effective manner of handling the county's data processing needs, either by outright purchase or lease of equipment or entering into a conract for computer services, and shall offer data processing advisory service to all county elected officials.

County purchasing practices are regulated by the County Purchasing Act as defined in the Oklahoma Statutes, Title 19, Chapter 33, "County Purchasing Procedures." The legislature has revised these statutes each year since the original laws were written to keep them current and beneficial.

2011-12 Objectives: 1. Identify where we can begin to go paperless and work towards that goal. 2. Work with MIS to develop a program where vendors can submit their bids electronically. 3. Begin scanning all past bids and bid documents for historical purposes. 4. Improve the eBid system so vendors can more easily work within it. 5. Develop quarterly updates to share news on market trends and changes.

Oklahoma County Facilities Management

Mission:

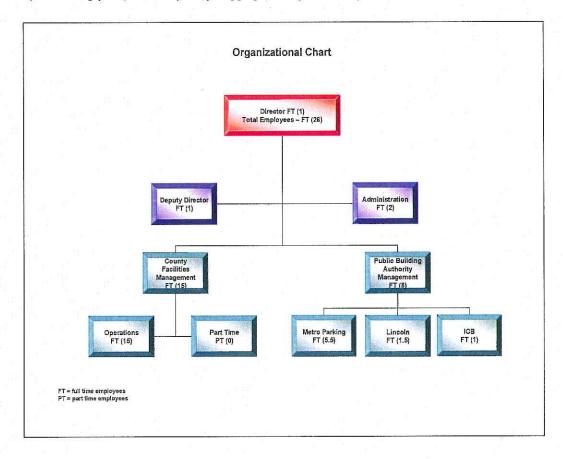

To provide the employees of Oklahoma County, the elected officials, the public and the Board of County Commissioners a safe, clean and functional operating environment within all County and PBA owned buildings so that they may conduct the businesses of a governmental entity for the people of Oklahoma County. The department will strive to increase the efficiencies of facilities operations, capital improvement projects and the income/expense functions for the County and the Pubic Building Authority.

The Facilities Management Department is a department of the Board of County Commissioners.

Facilities Management Operations: This area is critical to the success of the department because this is where all the County and PBA buildings are made functionally operable for County employees to be able to work without any disruptions to their respective functions. The heating and air conditioning, indoor air quality, public safety, plumbing, lighting, etc. all must be properly maintained so that the employees of Oklahoma County can operate the government of the County.

Facilities Management Administration: Administration will function within all departments of Property Management. They will act as a liaison between facilities management and the various offices of Oklahoma County as well as handling some of the accounting functions of the PBA and act as a support for the Director with capital improvement projects.

Capital Improvements: This area is involved heavily with other departments within the County such as Civil Engineering, Purchasing, Security (Sheriff), etc. Capital Improvements are critical to the County as a whole because these projects are what allow the County to continue to operate. New roofs, air-conditioning systems, mechanical systems, parking garages, etc. are just a few examples.

Funding Sources and Restrictions:

Prior to July 1, 2005, this department was fully funded by general fund appropriations. In an effort to better account for expenses of the Public Buildings Authority (PBA) properties, the PBA Board of Trustees amended the management agreement with the County effective July 1, 2005, which required the revenues and expenses of the properties to be accounted for in an Enterprise Fund. Prior to this, the expenses were paid out of multiple general fund cost centers.

Oklahoma County Court Services Unit

Mission: Unit personnel are responsible for gathering information about an accused person to assist in making a determination to pre-trial release the individual from custody.

The Oklahoma County Court Services Unit comprises the O.R. Bond unit, Conditional Bond unit, and Community Services unit. Title 22 O.S. §1105.1 established the Pre-trial Release Act. Unit personnel are responsible for gathering and reviewing information about an accused person to assist in making a determination to release the individual from custody.

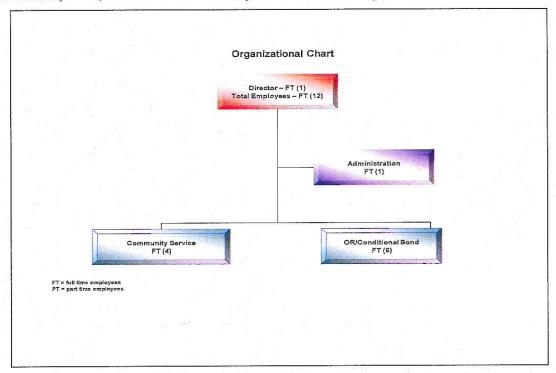

O.R. Bond was organized to alleviate jail overcrowding. An important by-product of the program is the cost savings to the taxpayers of Oklahoma County. The program affords a system of release from confinement to certain citizens who have been charged with crimes but cannot afford bond. The program enables a client to be released and to prepare for trial as one who has means. In 2010, OR Bond caseworkers completed 8,530 investigations on people in jail. The number of defendants released was 956. Based on a minimal stay of 60 days in the County Jail at a cost of \$47.99 a day, the savings to the jail was \$2,752,706 in 2010.

The Conditional Bond Pretrial Release Program is an alternative program with the mission of protecting the public's safety and interest, while providing alternative resources for the Courts, the District Attorney's Office, the City, the County and the public at large. To meet our goals, our program has to assure the key components of safety and security. We offer an alternative to incarceration for those defendants unable to post a bond or secure their own release from custody due to a lack for resources. As a condition of release, the defendant will agree to be supervised and accept treatment recommendations. In 2010, Conditional Bond investigated 2,742 new cases. The process allowed for 415 defendants to be released through the program. At a minimal stay of 60 days in the County jail at a cost of \$47.99 a day, the savings to the jail was \$1,194,951 in 2010.

The Community Services Program was created by Title 22 O.S. 991a. The purpose of the program is to place at the appropriate non-profit Agencies persons who have been sentenced by the Courts to complete a set amount of Community Service hours in lieu of jail time. Agencies supervise and verify the hours worked by each client. Community Service personnel then report to the Court's, District Attorney and Probation Officer when the client completes or fails to complete his/her Community Service. In 2010, Community Service opened 2,484 new client cases. At a minimal sentence of 60 days in the County jail at a cost of \$47.99 a day, the savings to the jail is \$7,152,430.

One additional positive factor to consider is the number of Community Service hours worked by those who are released. From January to December 2010 there were in excess of 60,654 hours worked by these clients at various non-profit and government agencies. Based on the minimum wage of \$7.25 those hours saved the taxpayers an additional amount of \$439,742.

The Community Services, OR Bond and Conditional Bond Departments saved the Jail and taxpayers \$11,539,829 in 2010.

Oklahoma County Community Sentencing

Mission: In accordance with the Oklahoma Sentencing Act, Oklahoma County Community

Sentencing Program will provide services and guidance to increase pro-social

behavior and reduce criminogenic need of offenders.

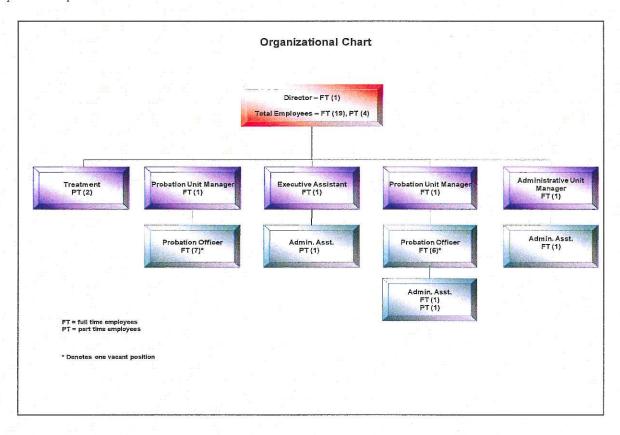

The Oklahoma County Community Sentencing (CS) Program operates partly from Special Revenue funds generated from contracts with the Oklahoma Department of Corrections and other Special Revenue funds which are generated form persons on the CS Program, i.e. Program Support Fees, LSI Fees and Department of Corrections Fees.

Adult persons receiving a felony conviction may be considered for the Community Sentencing program after being assessed on the LSI instrument and receiving a score between 19 and 28, for those scoring outside this range they may be admitted into CS if they have a history of mental illness or a developmental disability or a co-occurring mental illness and substance abuse disorder. The District Judge can sentence the person to be supervised by CS as part of a regular probation sentence, either a Deferred or Suspended Sentence. Treatment services can be offered to persons on CS for a period of 3 years.

After the person is sentenced to CS, they must report to a Probation Officer as often as required by that officer. They must begin to work on the Treatment Plan as developed at the time of sentencing. This Treatment Plan can order the person to attend substance abuse treatment, mental health treatment, obtain employment, study for the GED exam, or any other demands the court wishes to impose. Assistance, in the form of bus passes, treatment vouchers and rate reduction, can be offered to the person if they do not have the means in which to pay for the requirements of the

The CS staff assists the person assigned to CS in contacting the needed treatment provider that is closest to where the person lives. If the person does not have reliable transportation, a bus token can be given to the offender to help them get to treatment appointments. The Probation Officer maintains an open line of communication with every treatment provider working with the person on CS. Each person on Community Sentencing is drug tested during their term of supervision for illegal drug usage.

If a person fails to meet the conditions of the Treatment Plan or violates any of the other Rules and Conditions of Probation, the Probation Officer submits a report to the District Judge. A warrant may be issued for the person's arrest. Once arrested the person is brought before the court and the District Judge will decide if the person should go to Prison, serve a period of time in the county jail or be given addition time to complete the requirements of probation.

Oklahoma County Emergency Management

Mission: To set a standard of excellence in providing progressive and professional planning, and cooperative and efficient service to the citizens of Oklahoma County, before, during and after a major emergency or disaster.

Emergency Management is a department of the Board of County Commissioners. Oklahoma State Statues pertaining to the implementation and operation of the county Office of Emergency Management include 63 O.S. §683.2, 3, 11, 12, 17

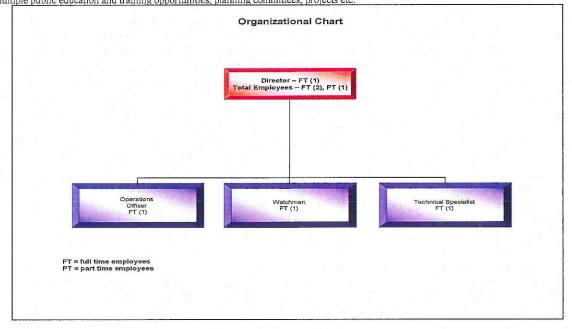

Emergency Management operations focus on four main aspects, those being <u>mitigation</u>, <u>preparedness</u>, <u>response</u> and <u>recovery</u>. While somewhat broad in scope, these areas actually require multiple specific tasks and operations. Striving to prevent or lessen the impact of a potentially disastrous event is the focus of mitigation, such as with the 1999 Safe Room Project. Mitigation activities also include the voluntary buyout of flood-prone areas such as the Crutcho acquisition project as well as other endeavors pursued from a proactive perspective. Preparedness efforts include detailed planning, education and exercise activities. Information is provided through the distribution of printed materials and multiple public education presentations and training sessions for a variety of groups and organizations. All individuals and groups are encouraged and assisted in the development of emergency plans to be utilized whether at home, work or elsewhere. Oklahoma County Emergency Management also develops and maintains the comprehensive Oklahoma County Emergency Operation Plan and insures that it is reviewed and updated annually.

Response activities dictate 24-hour "readiness" and may require the use of specialized equipment and/or skills. Mobile communications units, weather monitoring capabilities, barricade trailer, and other resources are available at all times in support of any jurisdiction within the county and beyond. We additionally provide severe weather monitoring and warning capabilities both through the staffing of the Emergency Operation Center and by utilizing the Citizen Volunteer Team, trained to provide several essential services. A fleet of many county-owned fire department emergency response units, provided and partially maintained through the budgeting process by the County Commissioners, is recovery activities include working closely with FEMA, the Federal Small Business Administration and the Oklahoma Department of Emergency Management to secure reimbursement and other forms of assistance before, during and following a "declared" disaster.

Additional recovery assistance is provided by helping citizens register for available benefits and through the coordination of post-disaster cleanup and restoration activities.

Accomplishments: Continued operations at the Regional Multi-Agency Coordination Center (4600 Martin Luther King) and at the Backup Communications Center (downtown); coordination and completion of the Metropolitan Area Mass Evacuation Plan, continued enhancement of Eastern OK County FD equipment and emergency response capabilities; assistance with Outdoor Warning capabilities, participation in/with multiple public education opportunities, committees, planning projects, etc., assistance with multiple emergency incidents and activities in support of large-scale disasters in Oklahoma and throughout the southern region of the United States.

Objectives: Procurement and implementation of "Quick Command" emergency response unit; continued development and refining of Hazard Mitigation Fund strategies, procedures and guidelines; continued enhancement of OK County FD emergency response capabilities through development of protocols and procedures for expanded Automatic Aid and Task Force/Strike Team development; continued support of Outdoor Warning capabilities within Oklahoma County; continued participation in regional planning and response activities in a variety of areas; continued enhancement of Eastern Oklahoma County Fire/Rescue communications capabilities; continued participation in and with multiple public education and training opportunities, planning committees, projects etc.

Social Services

Mission: Working toward a healthy, stable, and senior-friendly county.

Oklahoma County Social Services provides assistance to indigent, homeless, and older persons in Oklahoma County. We provide burial/cremation services and have two pharmacies that provide prescription medications at no charge. The pharmacy also provides prescription medications to employees and retirees as a part of Oklahoma County's fringe benefits package. The department is involved in broad initiatives such as senior challenges and overall social service delivery methodology, and administers community support and utility assistance grants to agencies in the county that address identified needs for targeted populations.

Accomplishments - In 2010-11, we have worked on strengthening relationships with other social and senior service agencies, and on developing innovative approaches to problem solving through new partnerships. We have worked with research and assessment projects, helped to increase overall systematic awareness, and increased the capacity of ourselves and others for serving target populations in the face of difficult economic time and with greater demands for services. We have developed new methodologies for providing additional services, have delivered quality services in an efficient and effective manner, and have continued to improve on process and cost efficiencies. We have built multiple partenrships for special projects such as the development of a cooperative vegetable garden to provide produce to low income elderly, researching and writing for special publications associated with our field of work, and coordinating volunteers through partnerships with the delivery of 250 boxes a month through the Commodity Supplemental Food Program.

<u>Objectives</u> - In 2011-12, we will work on more strategies for serving increased numbers of people in need, and continue partnership building. We will learn more and continue to educate others about our target populations and how to serve increasing numbers in light of the continuing economic difficulties. We will continue to provide services in an efficient and cost effective manner.
